

# CLASSROOM INCLUSION SURVEY

*Please complete the following survey so I can best address you and support your learning.*

---

What name would you like me to call you? This does not need to be your legal or full name.

What pronouns would you like me to use for you in class? (Ex: they/them, she/her, he/they, etc. If you're unsure, you can say unsure or name only.)

Would you like me to use different pronouns or name for you in private? If so, what name/pronouns should I use?

Is there any way I could make class more accessible or safe for you?

Is there anything else you'd like me to know?
